
DEPLOYMENT

FLASK API DEPLOYMENT

Deploys an AI model through a lightweight web API that applications can access.

DEPLOYMENT CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

DEPLOYMENT

DOCKER DEPLOYMENT

Packages AI systems into portable containers that can run consistently across different environments.

PROPERTY OF ADVANCEDAI INDUSTRIES

DEPLOYMENT

FLASK API DEPLOYMENT

Deploys an AI model through a lightweight web API that applications can access.

DEPLOYMENT CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

DEPLOYMENT

EDGE DEVICE DEPLOYMENT

Deploys AI models directly onto local devices for faster and offline decision-making.

DEPLOYMENT CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

DEPLOYMENT

AWS DEPLOYMENT

Deploys AI systems to cloud infrastructure for scalable and reliable operation.

DEPLOYMENT CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL EVALUATION

PRECISION EVALUATION

Measures how many positive predictions made by the model are actually correct.

MODEL EVALUATION CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL EVALUATION

CROSS VALIDATION

Tests model performance across multiple data splits to ensure reliability and generalization.

MODEL EVALUATION CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL EVALUATION

ACCURACY EVALUATION

Measures the percentage of correct predictions made by the model.

MODEL EVALUATION CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL TRAINING

HYPERPARAMETER TUNING

Optimizes model settings such as learning rate and batch size to improve performance.

MODEL TRAINING CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL TRAINING

FINE TUNING

Adapts a pre-trained model to perform better on a specific task or dataset.

MODEL TRAINING CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL TRAINING

DATA AUGMENTATION

Creates additional training data by modifying existing samples to improve model generalization.

MODEL TRAINING CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL SELECTION

XGBOOST

A powerful gradient boosting algorithm widely used for structured and tabular data.

MODEL SELECTION CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

DEPLOYMENT

MOBILE APP DEPLOYMENT

Integrates an AI model into a mobile application for on-device or cloud-powered use.

PROPERTY OF ADVANCEDAI INDUSTRIES

DEPLOYMENT

AWS DEPLOYMENT

Deploys AI systems to cloud infrastructure for scalable and reliable operation.

DEPLOYMENT CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL EVALUATION

RECALL EVALUATION

Measures how many actual positive cases the model successfully identifies.

MODEL EVALUATION CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL EVALUATION

CROSS VALIDATION

Tests model performance across multiple data splits to ensure reliability and generalization.

MODEL EVALUATION CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL EVALUATION

ACCURACY EVALUATION

Measures the percentage of correct predictions made by the model.

MODEL EVALUATION CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL TRAINING

LEARNING RATE SCHEDULING

Adjusts the learning rate during training to improve convergence and stability.

MODEL TRAINING CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL TRAINING

FINE TUNING

Adapts a pre-trained model to perform better on a specific task or dataset.

MODEL TRAINING CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL TRAINING

EARLY STOPPING

Stops training when performance stops improving to prevent overfitting.

MODEL TRAINING CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL SELECTION

XGBOOST

A powerful gradient boosting algorithm widely used for structured and tabular data.

MODEL SELECTION CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

DEPLOYMENT

STREAMLIT DEPLOYMENT

Deploys an AI model as an interactive web application for users to test and explore.

DEPLOYMENT CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL EVALUATION

ROC-AUC EVALUATION

Measures the model's ability to distinguish between different classes across multiple thresholds.

MODEL EVALUATION CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL EVALUATION

F1 SCORE EVALUATION

Combines precision and recall into a single metric to assess overall classification performance.

MODEL EVALUATION CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL EVALUATION

CONFUSION MATRIX ANALYSIS

Visualizes prediction results by showing correct and incorrect classifications for each class.

MODEL EVALUATION CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL TRAINING

TRANSFER LEARNING

Reuses knowledge learned from an existing model to accelerate learning on a new task.

MODEL TRAINING CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL TRAINING

HYPERPARAMETER TUNING

Optimizes model settings such as learning rate and batch size to improve performance.

MODEL TRAINING CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL TRAINING

ENSEMBLE LEARNING

Combines multiple models to produce more accurate and reliable predictions.

MODEL TRAINING CARD

The foundation of powerful machine learning

CREATED BY BENEDICT KHOO
PROPERTY OF ADVANCEDAI INDUSTRIES

MODEL TRAINING

ACTIVE LEARNING

Selects the most informative data samples for labeling and training to improve efficiency.
